

Weather protection, Grade 4 padlocks

Weather protection cap fitting below list of grade 4 padlocks. The weather protection is made of a weather resistant special plastic which close tightly against the padlock body. The tight fit makes it difficult for dust and water to penetrate through the padlock cylinder side.

- Fits Anchor 800-3, 830-3, 833-3, 834-4, KABA 313, iLOQ grade 4 and EVVA EPS grade 4.

Weather protection, Grade 3 padlocks

Weather protection cap fitting below list of grade 3 padlocks. The weather protection is made of a rubbery UV resistant special plastic which close tightly against the padlock body. The tight fit makes it difficult for dust and water to penetrate through the padlock cylinder side.

- Fits Anchor 802-2 Oval, KABA 9022 and iLOQ grade 3.
